Killing Of Eisner To Be Avenged in Most Frightful Way

Dictatorship of Workmen Will Be Proclaimed-Conditions Prevailing in Munich Virtually Those of Civil War-Prince Joachim Still in the City.

London, Feb. 22-The troubles in Munich took a still more serious turn vesterday afternoon, according to a Copenhagen despatch to the Exchange Telegraph Company. Church belis began ringing, 10,000 workmen from the suburbs marched into the center of the city and a short time later violent firing was heard, it is said. The mob is reported to have begun plunder-

The despatch characterizes the conditions now prevailing in Munich as virtually those of civil war.

Hundreds of civilians started to flee from Munich, the Exchange Telegraph correspondent adds, but this movement was stopped when the Spartaeans occupied the railway terminus.

The reports received from this source state that the dictatorship of the workmen will be proclaimed and predict that the killing of Premier Eisner and the wounding of Minister of the Interior Auer will be avenged in a most frightful manner. Automobiles filled with armed Spartacans are reported rushing through the streets of Munich.

SECOND DIVISION HAS HAD BIG PART IN CHANGING COURSE OF WAR

"jumpeff."

Feb. 9.—In the battle that probably tempt, the marines finally swept saved Paris in the great counter of through the wood. Meanwhile the fensive that broke and rolled back the tide of the invasion from the heart of France, in the action that pinched the St. Mihiel sallent, in the battle that pierced the German line in the Argonne, in the stroke that relieved the relieved the stroke that relieved the stroke that relieved the action that pierced the ferman line in the Argonne, in the stroke that relieved the action that relieved the stroke that relieved Rheims in each of these momentous pled within five minutes after the struggles the Second American Di-vision had a large share.

vision had a large share.

In coming years, when historians and military experts calmly and dispassionately unravel the tangled skein of events of the great war, they may contend that the Third Division played a greater part in changing the ed a greater part in changing the battle. The enemy shelled the whole course of the war than any other area heavily. In one brigade area American division—perhaps ary sin-American division—perhaps any sin-gle division in Europe.

The 2nd Division captured about ne-fourth of the entire number of prisoners taken by the American Exeditionary Force, captured one-ourth of the total of guns and suffered about one-tenth of the total cas-ualties in the American armies.

The division landed in France in the early autumn of 1917. The officers were mostly experienced regular Army officers with regiments com-posed of a nucleus of Regulars and marines filled to full stregnth by men At first the hospitals were inadefrom every section of the United guate to care for the stream of
States, but largely from the middle wounded. In one village the stretchers

in with the French for six weeks iraining on the Meuse heights near Verdun. Outside of exciting patrolling activity and a few raids, the sector was "quiet." Then the Second was entrusted with a sector of its own in the Eparges region.

Were laid out in the open, side by side, until nearly an acre was covered by the rows of them.

For five weeks the division held the road to Parls. The German drive was entrusted with a sector of its own in the Eparges region.

About the second week of April the Germans launched a remarkable raid. inder cover of darkness about 500 Germans dressed in American and French uniforms and speaking French English infiltrated into and through the lines. Before they were aware of the deception two com-panies of the Ninth found the enemy among and behind them. Despite the uniforms, the little groups railied. Then ensued a savage fight in the darkness. By daybreak the lines were cleared of the enemy. The Germans had suffered heavily—sixty-seven dead Germans were righted to had suffered heavily—sixty-seven Germans were picked up in trenches, and scores limped or were carried back to the enemy trenches. The American losses were unusually he national assembly. The political situation in Munich light. That was where the Second has been drifting rapidly to the learned it could whip the Boche, point of an explosion and the ultra. After six weeks in the line the divi

The immediate adjournment of the Bavarian Diet after the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the belief the shooting was due to the fear that the shooting was due to the shooting was due to the fear that the shooting was due to the fear that the shooting was due to the shoo gray masses drew closer and closer to battalions. After very hard fighting now our duty to to work for Ireland the capital of France. The Second was the Second gained its objectives. Dur. and to work in such a way that the called upon for the supreme test. the night of May 30 the orders reached

> Throughout the night the division prepared leverishly for the move, the heights dom! There was no sleep that night for the around Soissons. officers. In the early morning long columns of French motor trucks— 2,000 of them—rumbled into the divisional area.

For Varying Exemptions The entire division of 27,000 men was quickly loaded and the memorable rush to save Paris started. Through the long, hot day the lines of crowded trucks tore along the dusty roads. As they passed scores of French villages the peasants lined the streets and cheered frantically and threw flowers at the trucks. They knew the terrible significance of the coming battle. After a fatiguing journey of about

at the trucks. They knew the terrible significance of the coming battle.

After a fatiguing journey of about 100 miles the division was detrucked 100 miles the division was detrucked 100 miles the division was detrucked 100 miles the path of the advancing enemy, where he was nearest Paris. The lines were thrown across the famous Paris-Metz road. Then followed a forced march of 12 miles toward Chateau Thierry. The broad highway was crammed with pitiful caravans shifted to the Blanc Mont sector. By if a child was born in July, the parent is entitled to exemption of only \$100 on the infant's account.

If the child was born in October the tax paying parent is allowed only \$50 normal exemption, or one-fourth of the \$200 normal exemption.

This new policy established for income taxes is explained by the internal revenue bureau as follows:

"If you were entitled to exemption of the \$200 normal exemption.

This is a reversal of last year's policy. Then the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the status of a tax payer on the last day of the year of the comment of the \$200 normal exemption.
